Hersteller Art. Nr.:	4044951015740
EAN/UPC:	4044951015740

Marketing:

The Skiller PRO Illuminated Gaming Keyboard is the latest version of the popular Skiller keyboard and in the Pro version offers even more features for gamers. The blue illuminated keyboard in a 3-block standard layout, including multi-key rollover support, also offers six macro, three profile and nine multimedia keys.\n\nUsing the included software, numerous individual programming of key functions can be made effortlessly for games and other applications. Macros, macro-loops, keystrokes, delay times as well as media, internet, and mouse functions can all be used. Also, the Windows key can be disabled and the functions of the WASD keys can be interchanged with the arrow keys. Thanks to the macros, planned actions can be performed even faster within the game and are conveniently accessible via each assigned macro key. Programming is very easy and thanks to the on-board memory individual settings can be used on any PC system. Furthermore, a total of three profiles can be saved in the keyboard and each can be activated using a special key.\n\nAlso customizable is the backlight illumination: By 10 percent increments up to the maximum brightness, breathing or completely deactivated. A total of nine multimedia keys provide a more comfortable use of various Windows functions, such as volume control or play/pause.\n\nThe Skiller PRO Illuminated Gaming Keyboard connects via its 150 cm long, textile sheathed cable with gold-plated USB plug.\n\nFeatures (Keyboard):\n- Illuminating gaming keyboard.\n- 3-block standard layout.\n- 9 multimedia, 6 macro and 3 profile keys.\n- Software for individual programming of keys.\n- Multi-key rollover support.\n- On-board memory.\n- Software for the individual programming of keys.\n- Supported operating systems: Windows XP/Vista/7/8 (32 and 64 bit).\n- Operating life cycles of keys: > 10 million keystrokes.\n- Dimensions: 480 x 190 x 32 mm.\n- Weight: 888 g (including cable).
